

What Are We Fighting For? Freedom, Family, Fairness

Freedom:

We are fighting every day to protect the freedoms of law-abiding Wisconsin citizens.

- ... the freedom to have the same quality of education whether you are from the biggest city or the smallest village;
- ... the freedom to have access to affordable health care;
- ... the freedom to breath clear air and enjoy clear water;
- ... the freedom to earn a respectful wage for a job well done.

Family:

We agree safe and secure communities are built by strong families, and we have made the commitment to ensuring our families have the resources and infrastructure they need to preserve our neighborhoods. Great schools and good jobs are the cornerstones of safe and secure communities. Family-supporting jobs bring about the economic prosperity that allows our children to succeed. And we, as Democrats, support fiscal policies that reward middle class families instead of the special interests.

Fairness:

We believe hard-working Wisconsinites deserve a responsive and responsible government that treats its citizens fairly.

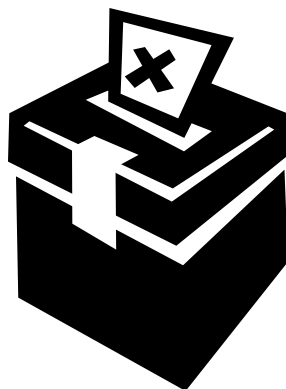

- ... No one who works hard and plays by the rules should lose out to those who play at the same country club as Republican legislators.
- ... No children should lose out on a quality education, just because they live in the middle of the city or the middle of the country.
- ... No seniors should lose their homes because they need to pay for prescription drugs.
- ... No workers should see their wages stagnate because of exploding health care costs.

Fairness in public policy ensures that we *all* can look forward to a bright future.
